

Investment Philosophy: We invest in businesses which are scalable, generate higher returns, have technological edge, are market leaders and have strong and ethical management team with good governance. We perceive buying of equities only as a medium to buy great businesses. Investment will be long term, multi-sector and multi-cap, purely based on bottom-up approach. Investments will be based on In-house research, defining investible universe which qualify the above rigorous test.

Investment Objective:

- Long term capital appreciation by primarily investing in businesses through equity & equity related instruments across market capitalization.
- The fund will be investing in a balanced mix of large cap, mid cap and small cap companies.
